AVAIL EARLY BIRD DISCOUNTS

UNTIL 28th Feb 2026

APSICON 2026
9–13 December 2026 | Taj Cidade de Goa Horizon, Goa

Dear colleagues and friends,

It gives us immense pleasure to invite you to the 60th Annual Conference of the Association of Plastic Surgeons of India – APSICON 2026, to be held at the spectacular Taj Cidade de Goa Horizon, Goa 9th to 13th December 2026.

This diamond milestone of APSI is a moment of celebration, reflection, and renewed purpose. Our theme, “On the Shoulders of Giants,” pays tribute to the legends who shaped Indian Plastic Surgery and inspires us to build upon their legacy with innovation, compassion, and excellence.

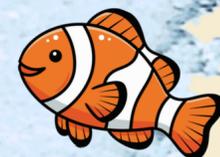

APSICON 2026 will feature a rich and thoughtfully curated scientific programme—state-of-the-art symposia, masterclasses, focused workshops, video sessions, free paper sessions, posters, and interactive panels spanning the breadth of reconstructive, aesthetic, craniofacial, burn, microsurgery, trauma, and emerging technologies. The conference aims to encourage learning across generations, with dedicated platforms for young surgeons and opportunities for collaboration with national and international faculty of the highest calibre.

Beyond academics, APSICON 2026 will offer vibrant social evenings, celebrating the warmth, culture, and spirit of Goa. Delegates may also explore curated pre- and post-conference experiences across the region’s beaches, heritage sites, and culinary treasures—perfect moments to unwind and connect with colleagues and friends.

We warmly invite you to join us as we honour our pioneers, celebrate our present, and envision the future of Plastic Surgery in India.

Together, let us make APSICON 2026 a memorable confluence of science, skill, and camaraderie.

We look forward to welcoming you at Goa.

With warm regards from Team of APSICON 2026.

About our logo

The logo of the Diamond Jubilee conference APSICON 2026 is a celebration of the eternal quest for knowledge. The silhouette of Devi Saraswati, considered the Goddess of knowledge is seen playing the veena and holding a stylus in her hands striking an artistic pose. The divine veena symbolizes harmony between knowledge and art, it's musical notes radiating knowledge outwards. The stylus represents the primordial strokes of the creator, innovating and sculpting as it moves, serving as an inspiration to generations of plastic surgeons.

Finally, the logo theme "Tamasoma Jyotirgamaya" is a Sanskrit phrase which translates as "From darkness, lead me to light" representing the eternal quest of the knowledge seeker, ever thirsty to widen horizons, embracing the warm light of evidence and striving to attain perfection in outcomes with precision and empathy.
